

Welcome *Buenas Tardes*

to this collaboration between
FIMA, EurAgEng, SEAgIng and ANSEMAT

**New technologies in agricultural machinery
and equipment for a competitive and
sustainable agriculture**

***Nuevas tecnologías en maquinaria y equipos
agricolas para una agricultura competitiva y
sostenible***

European Society of Agricultural Engineers

Eur Ing David Tinker
Secretary General EurAgEng

Emmanuel Hugo
President EurAgEng

Prof Florentino Juste
Past-President EurAgEng

EurAgEng

Who are we?

*The European Society of Agricultural Engineers (EurAgEng) exists to promote the **profession** of Agricultural and Biosystems Engineering and the people who serve it.*

*There are 2200+ individuals via 20 National Societies including **SEAgIng**.*

The Society is particularly active in Conferences, Publications and Networking.

ENGAGE is an informal network of research institutes in the fields of agricultural, biosystems and environmental engineering.

EurAgEng is the European member of CIGR, the world wide agricultural engineering organisation

Really Exciting Industry

Lots Going On

- Food, Feed, Fibre and Fuel
- Environmental & economic aspects
- Politicians realising that food is needed!

New Technologies

Multi-Disciplinary

- Mechatronics
- Satellite and remote sensing
- Farm Management Information Systems

Membership

- Researchers – very many disciplines
- Design engineers
- Service engineers & technicians
- Farmers
- Advisers and Journalists
- Students
- (Agri-Tech investors)

Winners of EurAgEng Award of Merit

Ray Clay (JCB) 2006

"Innovation is most surely the watchword regarding sustainable food production". – Ray

Michael Teich (John Deere) 2008

"Evolution had to come first to create us humans, otherwise we would have no innovations at all!"

- Mike

Jacques Burel (Sulky Burel) 2010

"Intensification only makes sense if it is sustainable". - Jacques

Award of Merit Winners

Franz Grimme (Grimme) 2011

Jos Metz (Wagenigen UR) 2012

"Agricultural engineers have a unique sense of curiosity combined with a strong drive for creating and innovating" - Jos

Sepp Knüsel (RigiTrac) 2013

"Like musicians with perfect pitch, innovative agricultural engineers have a perfect feel for engineering applied to agriculture". – Sepp

Award of Merit Winners

Margarita Ruiz-Altisent (Technical
University of Madrid) 2014

Heinrich Müller (Müller Elektronik) 2015

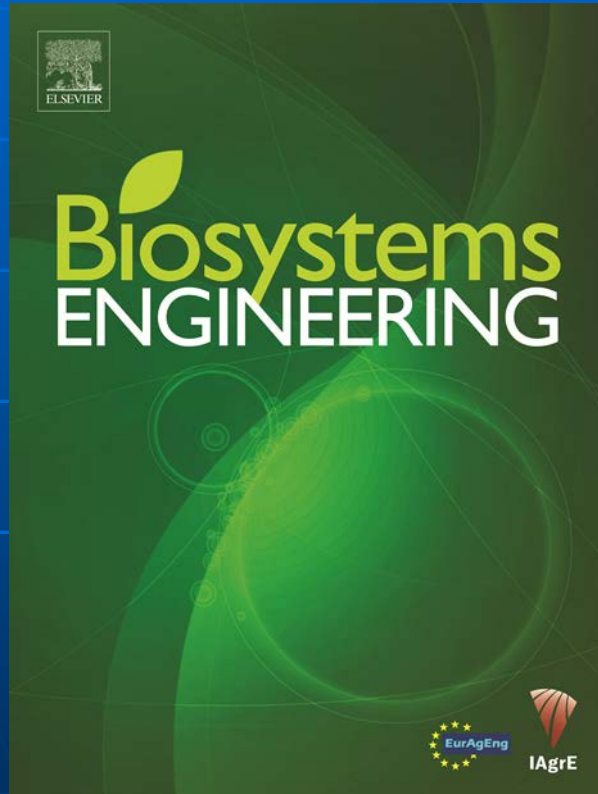

Who will be next? Certain to be someone
innovative and developing new technologies!

Why be a member?

- An unusual engineer in an exciting career!
- Join the community of Agricultural Engineers
- Network for new technologies, and friendship, around Europe
- Young members - find bright ideas and mentors
- Older members - pass on knowledge and experience
- Use the prestigious "Biosystems Engineering"
- AgEng Conferences – discounted registration
- Support initiatives – Field Robot Event
- Smart-AKIS - Smart Farm Technologies dissemination project - EC Funded

Biosystems Engineering

- Circulation and Impact Factor continue to grow
- Now has five editors – much filtering done
- Special editions
- Owned by IAgRE and Official Journal of EurAgEng

Conferences

www.eurageng.eu/events

- CIGR-AgEng 2016
 - 26-29 June, Aarhus, Denmark
- Deadline is **February 28** for abstracts of your excellent paper www.conferences.au.dk/cigr-2016
- [SIMA, February 2017, Paris]
- **LT-AgEng 2017, Hannover, Germany**
- AgEng 2018, Wageningen, Netherlands
- **LT-AgEng 2019, Hannover**
- AgEng 2020, Evora, Portugal

How to join?

- Ask SEAgIng, or me, how to join or
- Email SecGen@EurAgEng.eu
- Conference discounts much larger than EurAgEng membership
- Enjoy today, collect ideas and contacts
- Look forward to seeing you in Denmark, France, Germany,
